Members are provided with the latest information on state-wide budgetary and legislative matters.

Because of our members' scope of services and geographic reach, NYSAFSA has been awarded contracts such as the Robert Wood Johnson Family Support grant and the NYS Employee Assistance Program training contract.

Key state policymakers give presentations at our quarterly meetings allowing members both access to information and an opportunity to help shape public policy. Member agencies have access to these officials throughout the year.

Member agency executives regularly and freely discuss concerns and issues. Membership includes small and large agencies from across the state.
